

For Mobile App:

1. Landing page should have the following tabs:
 - a. **Buy a Plan**
 - b. **Add Family Members**
 - c. **Book an appointment**
 - d. **Upcoming appointments**
 - e. **Prescriptions**
2. Under Book an appointment tab for Location: select **Country** first then cities
3. Under Book an appointment tab for Patient information: include **Patient's name**, age, gender, symptoms and an emergency contact phone number. (Emergency contact number should not be required).
4. After selecting type of appointment, include calendar/time slot
5. When error pops up when confirming booking as "No active plan found for patient" include **a link to buy a plan**.

Choose a Plan

	Individual	Family of 2	Family of 3-4
Basic	\$100	\$150	\$250
Premium	\$130	\$200	\$325

Individual Plan Include:

	Telehealth Visit	In-Person Visit	Prescription coverage	Specialty Care Coordination
Basic (\$100)	2	0	\$150	Included
Premium (\$130)	4	2	\$250	Included

Family of 2 Plan Include:

	Telehealth Visit	In-Person Visit	Prescription coverage	Specialty Care Coordination
Basic (\$150)	4	2	\$250	Included
Premium (\$200)	unlimited	4	\$350	Included

Family of 3-4 Plan Include:

	Telehealth Visit	In-Person Visit	Prescription coverage	Specialty Care Coordination
